## Overtime Procedures

### Youth and Girls Games – Round Robin Format

#### 1. All Games Played to a Winner:

If the game is tied following regulation play, one five-minute sudden death overtime period shall be played. At the completion of the third period, the tied teams shall receive a two-minute rest period. The teams will remain on the ice. The teams will not change ends. If the score is tied at the end of the five-minute sudden death overtime period, there shall be a shootout. The winner of the shootout will be credited with one additional goal in the final score. **If no goal is scored in the overtime period, there will be a shootout.**

#### a. Shootout

The shootout will be conducted as follows:

- A shootout is defined as a player attempting to score a goal and the opposing goalkeeper attempting to stop the shooter from scoring the goal.
- The referee shall call the two captains to the referee's crease to flip a coin to determine which team takes the first shot. The winner of the coin toss will have the choice whether his/her team will shoot first or second.
- All goalkeepers and all players from both teams listed on the official game sheet shall be eligible to participate in the shootout.
- The goalkeepers will defend the net they were defending in the 3<sup>rd</sup> period.
- Any player whose penalty had not been completed when the overtime period ended or who receives a penalty during a shootout procedure is not eligible to participate in any portion of the shootout procedure(s) and must remain in the penalty box.
- The shootout procedure shall begin with five different individual shooters from each team taking alternate shots. The players do not need to be named beforehand.
- The goalkeepers from each team may be changed after each shot.
- The players of both teams will take the shots alternately until a decisive goal is scored. The remaining shots will not be taken.
- If after the shootout, the shootout score is still tied, there will be a sudden death shootout.

#### b. Sudden Death Shootout

The sudden death shootout will be conducted as follows:

- A sudden death shootout is defined as each team attempting a shot. Should one team be successful and the other team not, the successful team shall win the shootout.
- Teams will select their shooters to participate in sudden death shootout, whether or not they shot in the previous round. The last player in the first round shootout may be the first player in the sudden death shootout.
- Players in a sudden death shootout shall not be allowed to take another shot until four additional shooters have completed their attempts.
- All goalkeepers and all players from both teams listed on the official game sheet shall be eligible to participate in the shootout.
- Any player whose penalty had not been completed when the overtime period ended or who receives a penalty during a shootout procedure is not eligible to be one of the players selected to participate in any portion of the shootout procedure(s) and must remain in the penalty box.
- The goalkeepers from each team may be changed after each shot.
- The official scorekeeper shall record all shots taken indicating the players, goalkeepers and goals scored.

## Tiebreaker Rules

(From USA Hockey District and National Tournament Guidebook, pages 30-31)

If two or more teams have an equal number of points, their position in the standings shall be determined by the following tiebreaking format. If one tie-breaker establishes a position for one or more teams, each team is placed in the applicable position. Once a team is placed, the remaining tied teams shall start the tiebreaking process over again at step 1. (If all tied teams have not played each other, then proceed to step 2). *Note: A team may go into the tiebreaking process having defeated another of the tied teams and still not advance).*

The tie-breaker formulas are as follows:

1. The results of the head-to-head games played between the tied teams in the following order:
  - a. Standings — Most points.
  - b. Most total wins (whether in regulation, overtime and shootout).
  - c. Differential — Subtracting goals scored against from goals scored in these games, the positions being determined in order of the greatest surplus.
  - d. Quotient — Dividing the goals scored in these games by the goals scored against, the positions being determined in order of the greatest quotient. A quotient involving dividing by zero (0) has higher standing than a quotient from dividing by any number other than zero. Where two or more teams have no goals against and the quotient tiebreaker is required, the teams shall be ranked high to low in descending order of “goals for.”
2. If after applying the formulas of 1 a, b, c or d the tie still exists, the results of all the games played by the teams tied in the following order:
  - a. Most total wins (whether in regulation, overtime and shootout).
  - b. Differential — Subtracting goals scored against from goals scored in these games, the positions being determined in order of the greatest surplus.
  - c. Quotient — Dividing the goals scored in these games by the goals scored against, the positions being determined in order of the greatest quotient. A quotient involving dividing by zero (0) has higher standing than a quotient from dividing by any number other than zero. Where two or more teams have no goals against and the quotient tiebreaker is required, the teams shall be ranked high to low in descending order of “goals for.”
  - d. Most periods won — In the games played by each tied team, points will be awarded for each regulation period won (2 points) and for each regulation period tied (1 point). Positions shall be in the order of highest point total.
  - e. Quickest first goal — The team that scored the quickest goal in their preliminary round games shall be ranked highest.
3. If the above procedure does not break the tie, the teams shall use a shootout procedure as previously described.

Note: If a team forfeits any of its games, and becomes involved in any tie breaking formula to determine its eligibility to advance to the next level of play, the team forfeits all games in the round robin play and the games are recorded as 1-0 victories for the non-offending team.

The Directors in charge of the Playoffs will not answer any questions regarding tiebreakers until such time as the use of the tiebreaker rules becomes necessary!
