A MESSAGE FROM THE PRESIDENT

Welcome to the 2020-2021 hockey season!

USA Hockey leaders have announced that USA hockey will sanction hockey for the 2020-21 season. They convey that hockey is safe to play, according to medical experts, while taking appropriate precautions as an essential part of return to play protocols.

WAHA asks that everyone be diligent in following all safety measures to protect our skaters, coaches, officials, volunteers, and fans during the season. We all look forward to playing the game we love in a safe environment, following all mandated local policies. WAHA is ready to make any necessary adjustments that may be needed this year.

Let's Play Hockey In A Safe And Fun Environment!

Al Deming
WAHA President

WAHA HISTORY

No history of the Wisconsin Amateur Hockey Association, or WAHA, as it is popularly known, would be complete without an historical background of the sport in the State of Wisconsin. Although best known as a youth organization, the foundations of WAHA lay in participation by adult teams. It appears that the first organized hockey in Wisconsin was played in Superior in the late 1890's, where a club was assembled that played against teams from Duluth and Two Harbors. Hockey spread south from Superior and eastward from Minnesota to Eau Claire, Green Bay, the Fox Valley area and into Milwaukee, which, in 1923, fielded a team in the USAHA, the strongest circuit in the United States at the time, against other members from Cleveland, Pittsburgh, St. Paul Eveleth and Duluth. At about the same time, the Fox River Valley League formed in the eastern side of the State, and the Rock River League was born in the southern area.

In February 1930, the Wisconsin State Amateur Hockey Association was organized and officers elected were President John Farquhar, Madison; Secretary, A.E Bergman, Janesville; and Treasurer Sid Goldstine, Madison. Teams that signified intentions of joining were Madison, Milwaukee, Janesville, Manitowoc, Watertown, Fort Atkinson, Kenosha, Racine, Beloit, Eau Claire, Chippewa Falls, Lake Mills, Lake Geneva, Wisconsin Rapids, Beaver Dam and Rockford, Illinois. By the 1920's and into the 1930's teams had been formed and were competing against each other all across the northern part of the State also. At about this time, the first successful program for younger boys was organized in Janesville with 14 teams divided into two leagues, the Lightweight and Middleweights.

By 1930, hockey had become popular in high schools and prep schools, and teams from Milwaukee to Lake Geneva to Appleton played a regular schedule of games. A high school team from Ashland played a schedule against Duluth and Iron Range schools from Minnesota. By the end of the decade, the sport had grown in popularity and schools from across the breadth of the state and as far north as Wausau had begun participation.

During the 1930's and until World War II, Eagle River and Wausau fielded the strongest amateur teams, with Eagle River, at the time, having the only enclosed rink in the State. The Eagle River team, coached by Connie Pleban from Eveleth, Minnesota, captured six consecutive State Championships. It was also during the 1920's and 1930's that Marquette University and the University of Wisconsin fielded teams, with Marquette and the University of Minnesota usually battling it out for Midwest supremacy. Hockey was popular at Marquette with crowds of more than 1,500 regularly in attendance. During the Depression, hockey was dropped at the University of Wisconsin, but became very popular when brought back as a varsity sport in the mid-1960's.

World War II was a dark period for hockey due in part to the war itself, and the lack of playing facilities in the State. Most of the high schools and many of the amateur teams suspended operations, many of them never to return. A.E. Bergman, who had now moved to Beaver Dam, called a meeting of hockey leaders in that city in 1947 for the purpose of reviving the Wisconsin Amateur

Hockey Association. Bud Bellon of Horicon was elected the first President, followed by R.J. Van Adestine of Green Bay. In the several years following, the focus of the association remained adult hockey. The earliest official Guidebook known to exist is dated 1954 and has rules and regulations directed at adult level players. At about the same time, the Wisconsin State Amateur Hockey Association was formed, and it would be the forerunner of the Badger State League, and later, the Great Lakes Hockey League. The GLHL remains to this day and is the only remaining full-check Adult hockey league in the United States.

In 1960, Joe Leszcynski of Superior became President, and Fenton Kelsey, Jr. of Madison became Secretary, and the objectives of WAHA began to change to the youth side. By this time, the Wisconsin State Amateur Hockey Association ceased to exist, and, although adult hockey remained important, with state-wide participation in the Badger State League, high school hockey was beginning to grow, and with that came the need for the growth of feeder programs at the youth level. The Guidebook for the 1962-63 season lists State Tournament champions for only adults, but in the 1963-64 Guidebook, there are listings for not only adult champions, but also for Peewees, Bantams, Midgets and Juveniles dating back to 1961. Though written records are sketchy, we do know that Hartmeyer Arena in Madison hosted the first State Bantam Tournament in 1961 and the result was Superior 4, Madison Lakers 1.

By 1962, WAHA had become affiliated with AHAUS, or the Amateur Hockey Association of the United States, now known as USA Hockey. Growth in this era was hampered by a lack of indoor facilities and only a very few communities had them: Eagle River, Milwaukee, Superior and Madison. The demand began to grow with the number of youngsters playing, and while the growth of indoor facilities was arithmetic, the growth of kids was about to become exponential, with each of these components lending to growth of the other. An unofficial high school boys tournament was held twice in the late 1960's, both won by Superior, and the sport would officially be sponsored by the WIAA in the 1970-71 season.

In 1962, Don Kohlman, an adult player from Fond du Lac, joined the WAHA Board, and for almost five decades served WAHA in numerous capacities until his untimely passing in 2008. Kohlman would truly become Mr. Hockey across the State, and was in large part responsible for much of the growth that would take place into the 21st century. He not only held various positions with WAHA, but was also a Central District Director for USA Hockey, and would be elected Director Emeritus by that body. Kohlman served as President, Vice President, Registrar, Secretary and Treasurer for WAHA, and would hold those last three positions right up until his death in October 2008.

As ice hockey began to grow and expand dramatically in the 1980's and 1990's, the leadership of WAHA would evolve and help increase the growth in youth numbers and encourage this expansion, particularly related to the growth of girls hockey. Many girls would play on boys teams until numbers reached a point where girls only teams could stand on their own. Bill Sparks and Jerry

Edwards would serve as Presidents at this juncture and take WAHA from a male dominated sport to a more inclusive activity for both boys and girls.

Following Jerry Edwards' tenure as President, Don Mulder and then Al Deming would not only lead WAHA from within the Badger State, but also became involved more closely with USA Hockey Central District and then within the leadership of USA Hockey as the National Governing body for ice hockey in the United States. Other members of the WAHA Board of Directors would get their chance as more and more of those members would be called upon to serve in sections and councils with USA Hockey, and in positions with Central District.

From very humble beginnings, WAHA membership would grow to more than 400 teams in the 1980's, and eventually would pass 1,200 teams and 18,000 players and coaches, plus one of the largest memberships in the country in its officiating arm, the Wisconsin Hockey Officials Association, as hockey grew into the new millennium. The participant numbers would surpass 20,000 as WAHA entered the third decade of the 21st Century.

We are missing several Guidebooks from the early years, specifically from 1954-1962, and the following: 1964-66, 1967-68, 1969-70, 1971-72 and 1974-75. Note also that the dates below are sometimes approximations based on anecdotal evidence that we have been able to cull from old accounts of the early years of Wisconsin Amateur Hockey.

**USA HOCKEY
DECLARATION OF
PLAYER SAFETY, FAIR
PLAY AND RESPECT**

USA HOCKEY DECLARATION OF PLAYER SAFETY, FAIR PLAY AND RESPECT

Effective 2019-20 Season
(Board of Directors June 8, 2019)

USA Hockey is committed to creating a safe and fair environment for all participants. Respect for the game, the opponents, coaches and officials is a critical part of the environment that is created and it covers several different aspects of sportsmanship and fair play. This initiative will encourage a change in culture as to what is considered to be acceptable/unacceptable body checking and competitive contact at all levels of play.

The following “points of emphasis” is not designed to replace our current rules/definitions, but instead are intended clarify and update the existing rules/definitions to emphasize the key points to more clearly outline what is deemed acceptable and unacceptable behavior. USA Hockey will also provide video examples of these actions deemed “acceptable” and “unacceptable” to further illustrate expected behavior. Please review the materials thoroughly so you can play a positive role in making our game safer.

COMPETITIVE CONTACT

Body “Competitive” Contact – Competitive contact is body contact between two or more skaters who are in the immediate vicinity of the puck and who are in the normal process of playing the puck. These skaters are reasonably allowed to lean into each other provided possession of the puck remains the sole object of the contact.

Body “Competitive” Contact is encouraged at all age classifications of play within USA Hockey and provides the foundation for the skills necessary to advance to Body Checking classifications. Acceptable examples of **Body “Competitive” Contact** Include:

Angling is a legal defensive skill used to direct/control the puck carrier to an area that closes the gap and creates an opening that is too small for the puck carrier.

Physical Engagement is when two players who are in pursuit of the puck are allowed to reasonably lean into each other provided that possession of the puck remains the sole objective of the two players.

Collisions occur when players are allowed to maintain their established position on the ice. A player shall not be penalized if the intention is to play the puck and in so doing causes a collision with an opponent. No player is required to move out of the way of an oncoming player to avoid an impact.

BODY CHECKING

A body check represents intentional physical contact, from the front, diagonally from the front or straight from the side, by a skater to an opponent who is in control of the puck. The opposing player’s objective is to gain possession of the

puck with a legal body check and NOT to punish or intimidate an opponent.

Legitimate body checking must be done only with the trunk of the body (hips and shoulders) and must be above the opponent's knees and at or below the opponent's shoulders. The use of the hands, forearm, stick or elbow in delivering a body check is unacceptable and not within the guidelines of a legal body check.

The primary focus of a body check is to gain possession of the puck and proper body checking technique starts with stick on puck, therefore the stick blade of the player delivering the check must be below the knees.

USA Hockey reminds coaches and players that these requirements are the responsibility of the player delivering the body check. Under no circumstance is it acceptable to deliver a body check to a **vulnerable or defenseless** opponent, an opponent who is not in possession and control of the puck or to use the hands, stick, forearm or elbow in delivering a check to an opponent.

Vulnerable or Defenseless – A skater is considered to be in a vulnerable or defenseless position when he is unaware, unprepared, or unsuspecting of an impending hit.

Infractions that occur as a result of a body check delivered to a vulnerable or defenseless player must be penalized under the Boarding, Charging, Checking from Behind or Head Contact Rules. When done in a dangerous, careless or reckless (unacceptable) manner where the player delivering the check has made no effort to play the puck, **the major plus game misconduct or match penalty provisions of these rules must be assessed.**

When two or more players are **physically engaged** for control of the puck along the boards, they are considered to be **vulnerable and defenseless**. Any body check delivered by a skater to an opponent who is **physically engaged** with another skater is considered dangerous, careless or reckless (unacceptable) and must be penalized accordingly.

Late Avoidable Body Check – Any avoidable check delivered to a player who is no longer in control of the puck. An avoidable check is when the player delivering the check has an opportunity to avoid contact or minimize contact, once it is realized the opponent no longer has control of the puck.

The concept of “finishing the check” is an unacceptable action as it is one that is meant to intimidate or punish the opponent with no intent to gain possession of the puck. The responsibility is on the player delivering the check to avoid forceful contact (minimize impact) to a **vulnerable or defenseless** player who is no longer in control of the puck.

BODY CONTACT CATEGORY

Non-check hockey does not mean no contact and the Body Contact Category game can be very physical. **USA Hockey strongly encourages legal body**

“competitive” contact to occur in all age classifications as part of the skill progression that teaches legal body checking.

When determining whether a body check has occurred, the official must focus on whether the player is attempting to play the puck and whether there is any overt hip, shoulder or forearm action used to initiate contact and separate the opponent from the puck.

“Legal **body “competitive”** contact occurs when players are focused on gaining possession of the puck and are simply maintaining legally established body position. This most often occurs when two players are **physically engaged** in front of the goal or along the boards.

Legal **body “competitive” contact** also commonly occurs when a player has established an angle on the opponent and closes the gap to create an opening that is too small for the puck carrier. Additional acceptable forms of **body “competitive” contact** include:

- A skater is entitled to the ice he occupies so long as he maintains his skating speed and body position between an opponent and the loose puck.
- A skater is entitled to stand his ground and is not required to move if an opponent wishes to skate through that area of the ice.
- A skater may block an opponent so long as he is in front of the opponent and moving in the same direction.
- A skater can use his body position to force an opponent to take a less direct route to the puck, so long as he does not use a hand or arm to hold or block the opponent.

BODY CHECKING CATEGORY

It is USA Hockey’s intent to create a safe environment for players to be able to develop their skills – including body checking in age appropriate classifications – while also being able to physically compete within the rules. A player delivering a check to a **vulnerable or defenseless** player, who is not in control of the puck, will be assessed a penalty for roughing. Officials are to pay particular attention to these examples when applying this rule. These are intended as a guide and include, but are not limited to, the following:

- A player who is dangerous, careless or reckless (unacceptable) in delivering a check.
- A player who anticipates an opponent gaining possession or control of the puck but who makes contact with the opponent before possession or control occurs.
- A player who delivers a **late avoidable check** to an opponent who has released a shot or pass and is no longer in control of the puck.
- The use of the hands, forearm, stick or elbow in delivering a body check **OR** making contact with the opponent after the whistle. If contact is made above the shoulders, this action must be penalized as Head Contact. **This includes any contact that occurs as part of a scrum situation after play has been stopped.**

- Two skaters who use competitive contact for position as they skate to a loose puck are within their rights to do so, unless one uses his stick, arm, or skates to obstruct his opponent's ability to skate to the puck.

UNSPORTSMANLIKE CONDUCT (Banging the Boards)

A bench minor penalty for unsportsmanlike conduct shall be assessed to any team whose players or team officials commit the following actions while on the players' bench:

(5) Banging the boards with a stick or other object, including skates or arms, at any time, **including after a body check** regardless as to whether the check is being penalized.

The spirit and intent of this rule is to eliminate unsportsmanlike behavior that is designed to **"taunt" or "intimidate"** an opponent through the celebration of unnecessary or illegal body check. Simply banging the stick, or other object, against the boards while on the player's bench is not a penalty. However, it is deemed to be unsportsmanlike conduct and should be penalized when done as a means of escalating **dangerous and/or unnecessary physical play** where there is no intent to legally gain possession of the puck.

The correct procedure to apply this interpretation is to first warn the offending team once after the first violation. A bench minor, under Rule 601(b) 1 & 5, shall be assessed for any further violation of this policy by the same team.

This bench minor is to be served by a player on the ice at the time of the infraction. Once this bench minor has been served, a bench minor penalty shall be assessed for any further violations by the same team.

If a bench minor penalty for a violation of this policy is being served and before that bench minor expires another violation by the same team occurs that teams head coach shall be assessed a game misconduct under Rule 601(e) 1.

NOTE: In Wisconsin, teams will not be penalized for celebrating a goal, supporting an injured player getting up from the ice or any other positive celebration by banging the boards at the bench.

SUMMARY

All USA Hockey members must demonstrate awareness and support for the application, spirit and the respect of the rules in order for continued improvement in the game of hockey.

Coaches are expected to teach proper skills and hold their players accountable for illegal and dangerous actions, regardless as to whether they are properly penalized, or not.

Parents are expected to support the decisions of the officials and support the coaches in teaching the proper skills in a safe and positive environment.

Officials shall enforce a strict penalty standard according to the guidelines that

have been established.

Players are expected to compete within the playing rules.

Administrators are expected to hold players, coaches, officials and parents accountable for their actions in an effort to promote a safe and positive environment for all participants.

All members of USA Hockey share an equal responsibility to ensure the integrity of the game is upheld. The onus to incorporate change is not only on the officials, but also on administrators, coaches, parents and players, as well.

RULES & REGULATIONS

(NOTE: any changes in Rules & Regulations since the last Guidebook was published will appear in this format [boldface, italics, underline] for this season only, in order that readers may more readily recognize these changes.)

ARTICLE 1 – REGISTRATION, ELIGIBILITY, GENERAL RULES

NOTE: Changes to WAHA Rules & Regulations are voted on by the WAHA Board of Directors, subsequent to the Spring Regional Meetings following the April Board of Directors meeting and prior to the Annual Meeting in August. Members of WAHA in good standing may submit a suggested Bylaw or Rule & Regulation change by using the proper form found under “Forms” on the WAHA website, but submission must be made by March 15 of the current year. These proposed changes are considered at the April Board meeting and discussed at Regional Meetings subsequent to that. Rule & Regulation changes adopted by the Board of Directors will be announced at the Annual Meeting. Bylaw changes are voted on at the Annual Meeting in August.

- A. The WAHA Board of Directors shall have the power to adjust matters at any time in the best interests of the ice hockey in general.
- B. The combined registration fee for WAHA and USA Hockey shall be \$50 (\$40 to USA Hockey, \$10 to WAHA) for all players over the age of 6 thru High School (free for players 6 and under); Adults \$5.
- C. Player and coach registration. All rosters must be made with the current version of the USA Hockey electronic registration system. Rosters for all levels of competition must be submitted by NOVEMBER 15 OF THE PLAYING YEAR. ROSTERS MAY BE AMENDED UP UNTIL December 31 to be eligible for State Tournaments. The roster must include all coaches wishing to be on the bench for the team named on the roster. Exception: due to extenuating circumstances beyond the control of the team, if none of the coaches listed on the roster are available for State Playoffs or Tournament, an exception may be granted by the WAHA Vice-president for the age level at which the team is registered to play.
- D. RESIDENCY: It is the responsibility of local association Presidents, in general, and local association Registrars, specifically, to insure that all players registering to participate in their Local Association reside legally within the WAHA approved boundaries of that Local Association. Should the question of proper legal residency come into question at any time, the parents or legal guardian(s) of that player or players will be required to produce at least three (3) items of documentation (two of which must be original [not copy or facsimile] government documents) as evidence of legal physical residency of the parent(s) or legal guardian(s). Failure to do so will result in suspension of the player(s) in question from participation with that program. Deliberate falsification of residency will result in disciplinary action by the WAHA Board to all participants involved in that falsification. Such disciplinary action shall be determined by a hearing and within the rules set forth in USA Hockey Bylaw 10.

The following is a list of documentation, specific to the State of Wisconsin, that may be used to show actual residency:

- *Utility bill issued within the last 60 days.
- *Bank or credit union statement.
- *Current and valid Wisconsin driver license or Wisconsin identification card.
- *A government issued document.
- *A check issued by a unit of government in the last 30 days prior or after registration.
- *Real estate tax bill or receipt for the current year.
- *Residential lease effective on the date of registration.
- *Official Identification card or license issued by a Wisconsin governmental body or unit.
- *Identification card used by an employer in the normal course of business which has a current photograph of the cardholder, but not a business card.
- *Current Fishing and hunting licenses.
- *Current Vehicle registration.
- *Current Medicare notices.
- *Current Medicare Explanation of Benefits (EOB's).
- *Current Social Security: SSI notice and benefit statements.
- *Current Billing statements and collection notices from a government entity.

NOTE: Current means within 60 days prior or after registration date.

The following list of documents would NOT be acceptable to show actual legal residence:

- *Insurance statement.
- *Medical bill.
- *Business card.
- *Magazine subscription.
- *Expired driver license or identification card.
- *Out of state driver license.
- *Piece of mail addressed to a specific resident

Temporary Residence With Another Party: On some occasions, individual skaters have temporarily located with another family member or family relation in order to be considered eligible to skate for a particular Association. This temporary relocation would not be considered acceptable or qualify an individual skater to be deemed a member of a Local Association.

Such temporary location, without further action taken by the person where the individual skater is residing, would therefore not allow the skater to be considered a resident of that Local Association. Individual action would have to be taken by the person with whom the skater is residing, to obtain legal custody of the individual skater through court approval, and a court

order documenting the transfer of legal custody of the skater to the owner of the residence.

- E. A player may not be registered with more than one (1) association, or more than one (1) team in the same age classification. A player can, however, as long as the player meets age classification, be registered with more than one team in a different age classification within the same association. A senior player can only be registered with one club in any senior category.
- F. Any team using a player registered with another WAHA or USA Hockey Association, other than approved WAHA co-op teams, shall forfeit any games in which the player participated, and the player shall be declared ineligible for any further state tournament competition.
- G. No player may play, participate or practice for any full-season association other than the association certified by WAHA to serve the area in which the player resides on a permanent basis. (**NOTE:** Any full-season youth hockey association that chooses to allow Tier I players to participate in their skill sessions/practices will be allowed to do so.) Conversely, no association, whether or not its boundaries are certified by WAHA, may accept any player from any area served by another association, whose boundaries are certified by WAHA, **EXCEPT:**
 - 1. A player may play for a team from the nearest association offering a Division 1 team, provided the association serving player's place of residence is of a lower classification. The player must be selected by that nearest association to play on their highest classified team. For example: a squirt from a Division 3 association "B" team could play for a Division 1 association provided the player is selected to play on the association's "A" team. The player could not play for any association classified as Division 2, 3 or 4 or on any team other than the highest classified team of a Division 1 association. If a player is not selected to play on the highest-level team, the player must return to their home association. (**NOTE:** Players accepted under Section F-1 at all times shall be considered as an out-of-district player while rostered with any team of any association except the association serving their place of residence.) (**Note 2:** All players who skated up with any non-home Association not classified as Division 1 during the 2013-2015 season and before, shall be declared grandfathered with the non-home Association they are skating up with for as long as they continue skate on the highest level team in the appropriate age level. If they do not play on the highest level non-home Association team, they must return to their home Association and must comply with all transfer rules.)

Any team may accept two (2) players under exception 1 above with no penalty. Any team accepting more than two (2) players, however, will not be eligible for state tournament competition in that classification. Written notice is to be given immediately to the respective associations.

2. A player residing in an area not represented by an association must play for the nearest established association. Such a player is considered as residing only in the area of the association with whom the player registers with USA Hockey and WAHA for the first time. NOTE 1: Players residing in an area having two (2) or more associations shall be considered as residing only in the area of the association on whose USA Hockey roster the player's name first appears.

NOTE 2: "nearest" refers to the boundaries of the district in which the residence lies, not the actual residence. There may be multiple Associations that are considered "nearest". We do not measure from the specific address of a residence to a rink address. We use boundary to boundary only.

NOTE 3: Should a family that has been registered with a WAHA sanctioned Association move out of that Association's boundaries and into a district that does not have a WAHA sanctioned Association (an "Open District"), a release must be obtained if any skaters wish to play for any Association other than their original Association if either of the following exist:

- a) The Open District's Boundary is directly adjoin the original Association's boundary.
- b) The Open District is one that the original Association can reasonably recruit for players.

Once an approved association is established to serve a family's place of residence, the family will be "grand-fathered" and may continue to play for the original association indefinitely. However, once the player transfers to the association serving the player's place of residence, they will be considered as being from that new association and must meet all obligations mentioned in these By-laws and Rules/Regulations. (Note: If the player transfers to any association other than the one serving the place of residence, all obligations mentioned in these By-laws and Rules/Regulations must be met, including getting released from the association serving the player's place of residence.)

3. A female player wishing to play on a female-only team, **including a "full season" team,** may play for such a team in the nearest association offering one, provided her home association does not offer one at her age level. (Appropriate level is defined as a specific level or one higher.) **Note: The intent of this rule is to allow any girl wishing to play full time girls only hockey the opportunity to do so by transferring to the nearest Association that offers girls**

only fulltime teams when her home Association does not. Such a player would not be required to secure a written release, other than a financial one. A female player who plays at the nearest association will be recognized as that being their new Girls home association until such time as her original association offers a girls team at the appropriate level. NOTE: A female player may also be rostered on a youth team for her home association at the same time, but not at the same age level. If she decides to be rostered on a youth team of the club offering female-only hockey, she will need to follow all of the transfer rules spelled out in this Guidebook.

4. If in any season an association fails to register enough players to form a team at a given level, the association may form a co-op team with another association. To form a co-op team, each association participating in the co-op must submit the “Co-op Request Form” (found under Forms on the WAHA website) signed by each association’s president, to the WAHA Regional Directors, and the WAHA Section Director for the age level of the request. If the request involves teams in different regions, the Directors from both Regions must be involved in the process. The Regional Directors, in conjunction with the appropriate Section Director, will have the power of approval for the co-op, but the WAHA Board will have final approval for all requests. All requests for a co-op must be submitted by November 30th and all co-op requests will be subject to a reclassification review. The Regional Directors must submit all approved requests to the WAHA Secretary. If approved, the co-op team would be eligible for State Tournament play, and the co-op would exist for one year only.

NOTE: If, in any season, an association fails to register enough players to form a team and is unable or unwilling to form a co-op, the players at that level may go to the nearest association offering teams at the same age level. These players will not be counted as out-of-district players for the purpose of allowing only two out-of-district players per team.

H. Commitment To Team – Players are expected to participate in all team activities (practices, games, tournaments, etc.). An allowance for an “excused absence” upon notice that is reasonable under the circumstances may be established by teams and associations. However, an unexcused absence is grounds for consequence to a player, as determined by the team or association, up to and including suspension. A team or association rule and/or policy as to “excused absences” or as to consequences for unexcused absences must be reasonable and may not be implemented in a manner that discriminates between player participation in one outside program versus another.

- I. WAHA considers the “regular playing season” to begin on September 1 and continue through the end of the WAHA Youth/Girls State Tournaments in March. The summer program season will conclude the first Sunday in October.
- J. Players may transfer from one association to another, regardless of classification, only with written consent of the releasing association. No player may transfer to an association that has a WAHA approved co-op team for the age level specified on the transfer form. No transfers shall be made after Dec. 31. Written consent must be obtained annually. These skaters shall always be considered as out-of-district on the rosters of the accepting Association. Any team accepting more than two (2) players from another WAHA certified association would not be eligible for State Tournament play. For Example: Team A accepts one (1) player under rule F-1 and two (2) players under rule G. Players transferring from an association classified as “Tier I” must return to the association serving their place of residence unless they meet all obligations covered in these rules (see Article 6 in these rules). Note: A player who transfers from a team/association classified as “Tier I” and does not return to the association serving their place of residence must obtain all written releases from both the team/association last played on and the association serving their place of residence, as specified in these rules.
- K. Players may not transfer from any association for any reason without meeting their financial obligation and obtaining a written financial release from the releasing association, on the proper WAHA form, signed by the WAHA State Registrar.
- L. The rosters of all Tier II teams registered with WAHA must contain 80% Wisconsin residents or play 50% of all their games within the State of Wisconsin and hold all of their practices within the State of Wisconsin. Also, 50% of all players on a roster must be the age of the registered team (e.g., the age of 40% of Youth 14U Youth players on a roster must be 13 or 14 years old).
- M. 8U aged players wishing to move up and participate at the 10U level must complete the 8U Move-up Request Form found on the WAHA website. The form must be submitted to the WAHA 8U Section Director by November 15 of the current playing season.
- N. CITIZENSHIP. A Player, whose parents or guardian is bona fide residents of the United States and has made definite intentions of becoming a United States citizen, is eligible to compete providing he has the approval of the state officers. It should be noted that any youth whose parent, parents, or guardian with whom he is living whose residence is within the state of Wisconsin is eligible to play on Junior U.S. and younger classification. EXCEPTIONS: Except for players on any team classified as Tier I, non-resident players may participate in

High School and under classifications in the nearest Wisconsin association program, provided there is no USA Hockey, Affiliate of USA Hockey or National Federation of High Schools sanctioned program in the city or town of their residence. (ALL out of state players, including Tier I, must have a release form signed by the USA Hockey Affiliate governing their legal place of residence.) Written evidence must be submitted to the secretary of WAHA before a non-resident player or players may be used.

- O. **Interstate Player Transfer Protocol:** The Wisconsin Amateur Hockey Assn., Inc. (WAHA), a duly registered affiliate of USA Hockey, requires that any player who resides in another state and wishes to play hockey with a team in the WAHA program, without changing his/her residence to Wisconsin, must first obtain a properly executed waiver from the player's resident state.

Conversely, WAHA requires that any Wisconsin resident wishing to play hockey in another state, while remaining a resident of Wisconsin, must first obtain a properly executed waiver from WAHA.

This protocol is consistent with the terms and conditions of the USA Hockey Affiliate Agreement that grants each affiliate the right of "exclusive jurisdiction" within the definition of its geographical boundaries.

The WAHA Board of Directors will designate one person who will act upon all interstate waiver requests from those who submit them, using the following criteria:

This protocol applies to Youth and Girls programs that are conducted during the WAHA "regular season", which extends from September 1 of a given year through the end of the WAHA Youth/Girls State Tournaments in March. Those players in the Adult or Women classifications are excluded from this protocol.

Players must first register with their resident state. An approved waiver from the player's resident state must be obtained and approved by the WAHA designee before the player may be placed on a WAHA team roster.

WAHA will accept approved players from another state who wish to play in Wisconsin because the state in which they reside does not offer a program similar to those offered in Wisconsin.

WAHA will approve an interstate waiver request from one of its resident players provided that the player will be participating in a program classified as Tier 1 by a USA Hockey Affiliate and Wisconsin Amateur Hockey does not offer such a program. Transfer of players who desire an interstate residency waiver based upon other reasons will be considered on a case-by-case basis, and approval of those requests

will not be unreasonably withheld.

Transfer of players who desire an interstate residency waiver based upon geographical proximity of their residence will be considered on a case-by case basis. Approval of such requests will not be unreasonably withheld.

P. On-Ice Officials:

1. All teams registered with WAHA/USA Hockey must use only properly registered USA Hockey / WAHA / WHOA officials for all their games. Violations of this rule are subject to Board action. Any official who officiates a game involving a team not registered with USA Hockey, the National Federation of High Schools, the NCAA, the IIHF or the NHL and its affiliate teams shall be removed from the WAHA State Playoff and State Tournament officials list for a period of three years.
2. The official method of refereeing USA Hockey/WAHA games is with one Referee and two Linesmen. However, local associations are authorized to use two Referees for games under their jurisdiction. (The two-referee and one-linesman system is not an approved system by USA Hockey and cannot be used in any USA Hockey/WAHA game without express written permission by the WHOA Referee-in-Chief.) The two-referee and two-linesmen system may be used in the Youth 16U, 18U and High School and in the Girls 16U and 19U classifications only with prior express written permission of the appropriate WAHA Vice President.
3. When requested by USA Hockey, WAHA or WHOA, local associations, tournament directors or officials organizations will make their game schedules and officiating assignments accessible.
4. **Coaches/players/team managers/spectators may not enter the Referee's dressing room before or after a game. The following actions will take place for violation of this rule:**
 - a. **For a coach or player - a game misconduct penalty shall be assessed by the on-ice officials and a report of the incident filed using the WHOA Game Reporting System. The report will be submitted to the WAHA Disciplinary Committee for possible further disciplinary action or suspension.**
 - b. **For a team manager or spectator (fan) – the on-ice officials shall report the incident on the WHOA Incident Report. The report will be submitted to the WAHA Disciplinary Committee, who will notify the WAHA Region Directors. A mandatory hearing will be held with the team coach and a representative of their association's governing board to discuss possible disciplinary action.**
5. **All WAHA Associations shall designate a Referee Scheduler responsible for assigning on-ice officials for all games involving WAHA-sanctioned teams and must forward their name and current contact information to their WHOA Region Director by October 31st of each year. Each Referee Scheduler will receive access to the WHOA Scheduler's Site where officiating certification and eligibility can be obtained.**

- Q. Each Tier I and Tier II hockey association will designate a Director of Hockey, by November 1 of the current playing season, and report the name and contact information to their WAHA Region Directors or in the case of Tier I, to the Chairman of the WAHA Tier I Committee. This person will be an on-ice coach to assist other coaches.

ARTICLE 2 – STATE TOURNAMENTS

A. How to enter a State Tournament:

1. Your team must be registered and entry fee must be received by **the third Sunday in November, immediately following the WIAA tryout week.** No exceptions allowed.
2. Player roster for all levels of competition must be submitted by November 15
3. All Rosters shall be completely verified prior to Friday of the Playoff weekend and before a team's first Playoff game. Completely verified means all players ages are verified, all coaches on the roster have completed all USA/WAHA required processes, including but not limited to: SafeSport training, Concussion Awareness training, Background screening, age appropriate module.
4. After Playoff weekend no coaches may be added to any roster. Only coaches listed on the roster for the Playoffs will be allowed on the bench during a State Tournament. Exception: Should a qualified and verified emergency occur that prevents the coaching staff from attending the State Tournament, a replacement coach may be allowed.

B. General Rules (NOTE: These rules do not apply to the Tier I/II National Tournament Bound Playoff system. For those rules, see Article 6, Tier I/II National Tournament Bound Playoff Rules.)

1. Teams entering the state tournament must submit the WAHA State Tournament Entry Form and entry fees to the Treasurer of the WAHA on or before **the third Sunday in November, immediately following the WIAA tryout week.**
2. All teams wishing to enter State Tournaments must pay \$100. If an association fails to meet the registration deadline to register their teams for State Tournament, the fee for that association will increase from \$100 per team to \$300 per team. In addition, if the association fails to file within seven days of the deadline, the number of teams for that association will not be used in calculations for Wild Card and Open Slots, and the committee's recommendation of the Wild Card and Open Slots for that year's

State Tournaments. WHISTLEBLOWER POLICY

The definition of a whistleblower is an employee, volunteer or board member of the Wisconsin Amateur Hockey Association (WAHA) who reports an activity that he or she considers to be illegal or dishonest to one or more of the parties specified in this policy. The whistleblower is not responsible for investigating the activity or for determining fault or corrective measures; appropriate WAHA officials are charged with these responsibilities.

Examples of illegal or dishonest activities are violations of federal, state or local laws; billing for services not performed or for goods not delivered; and other fraudulent financial reporting.

If a WAHA employee or volunteer has knowledge of or a concern of illegal or dishonest or fraudulent activity, the WAHA employee or volunteer is to contact the President of the WAHA Board or the Chairman of the WAHA Disciplinary Committee. The WAHA employee or volunteer must exercise sound judgment to avoid baseless allegations; a WAHA employee who intentionally files a false report of wrongdoing will be subject to discipline up to and including termination. A WAHA volunteer who intentionally files a false report of wrongdoing will be sanctioned by the appropriate board or committee and may be removed from volunteer responsibilities with the Association.

Whistleblower protections are to cover two important areas — confidentiality and against retaliation. Insofar as possible, the confidentiality of the whistleblower will be maintained. However, identity may have to be disclosed to conduct a thorough investigation to comply with the law and to provide accused individuals their legal rights of defense. WAHA will not retaliate against a whistleblower. This includes, but is not limited to, protection from retaliation in the form of an adverse employment such as termination, compensation decreases, or poor work assignments and threats of physical harm. Any whistleblower who believes he or she is being retaliated against must contact the WAHA President or Disciplinary Committee Chairman immediately. The right of the whistleblower for protection against retaliation does not include immunity for any personal wrongdoing that is alleged and investigated.

WAHA employees or volunteers with any question regarding this policy should contact the President of the WAHA Board of Directors.

WAHA PLAYER SAFETY POLICY

The safety of its youth participants is of paramount importance to USA Hockey and Wisconsin Amateur Hockey Association (WAHA). This includes not only on-ice safety, but also off-ice safety in any part of USA Hockey's and WAHA's programs.

USA Hockey and WAHA have long had safety systems in place to protect its participants from physical abuse, sexual abuse and other types of abuse and misconduct that can be harmful to youth hockey players. These include, without limitation, physical abuse, sexual abuse, screening, locker room supervision and hazing policies, in addition to codes of conduct applicable to administrators, coaches, officials, parents, players and spectators. USA Hockey has created a SafeSport Program that includes USA Hockey's various policies aimed at protecting its youth participants from all types of misconduct and abuse.

USA Hockey and WAHA have **ZERO TOLERANCE** for abuse and misconduct.

USA Hockey's SafeSport Program Handbook addresses the following:

- **SafeSport Policies** – including policies prohibiting:
 - Sexual abuse
 - Physical abuse
 - Emotional abuse
 - Bullying, threats and harassment
 - Hazing

The policies also address areas where misconduct can occur and are intended to reduce the risk of potential abuse, including:

- a locker room policy
 - a social media, mobile and electronic communications policy
 - a travel policy
 - a billeting policy
 - an education and awareness training policy
- **Education and awareness training**
 - **Screening and background check program**
 - **Responding to abuse and other misconduct**
 - **Monitoring and supervision of the SafeSport Program**

These specific policies are of paramount importance to USA Hockey/WAHA and may be modified or amended as needed.

Please refer to the SafeSport Program Handbook for details of these policies. A copy of the USA Hockey SafeSport Program Handbook is available at:

usahockey.com/safesport

A USA Hockey/WAHA member or parent of any member who (1) violates any of the SafeSport policies or (2) fails to consent to, and pass a screening and background check in compliance with the USA Hockey/WAHA Screening and Background Check Program, may be denied eligibility within any USA Hockey/WAHA program and is subject to appropriate disciplinary action including but not limited to suspension, permanent suspension, and/or referral to law enforcement authorities.

WAHA SCREENING POLICY

It is the policy of the Wisconsin Amateur Hockey Association (WAHA) that it will not authorize or sanction in its programs that it directly controls any volunteer or employee who has routine access to children (anyone under the age of majority) who refuses to consent to be screened by WAHA/USA Hockey before he/she is allowed to have routine access to children in WAHA/USA Hockey's programs. Further, it is the policy of WAHA that it will require its affiliates within the State of Wisconsin to adopt this policy as a condition of their affiliation with WAHA.

Screening must be done on a timely basis, as required by USA Hockey. Screening of all personnel (with the exception of registered officials) must be done through the vendor Protect Youth Sports. (NOTE: Anyone screened through WHOA will be accepted as screened by WAHA for the purposes of coaching or serving as a volunteer) As a result of screening, a person will be disqualified and prohibited from serving as an employee or volunteer of WAHA if the person has been convicted of any of the following:

- 1) Any offense of abuse or assault/battery – physical or sexual.
- 2) Any crime of a sexual nature, including possession or dissemination of pornography.
- 3) Homicide or manslaughter in any degree.
- 4) Attempted murder.
- 5) Domestic violence.
- 6) Child neglect.
- 7) Felony drug crimes.
- 8) Animal cruelty.
- 9) Theft/robbery.
- 10) Forgery/fraud.
- 11) Kidnapping.
- 12) Arson.
- 13) Weapons violations.
- 14) Any crime, misdemeanor or felony, involving children as either accomplice or victim.

The following are potential disqualifiers of a lesser offense that WAHA's Screening Review Committee and legal consultant will review to determine if the candidate should be disqualified:

*Driving under the Influence/Driving While Intoxicated within the last 15 years. This should be considered if there is a possibility the person will be driving a child at any time.

*Vehicular manslaughter within any timeframe. This should be considered if there is a possibility the person will be driving a child at any time.

*Multiple driving citations/accidents within the last 15 years. This should also be considered if the person will be driving children.

*Misdemeanor drug charges within the last 15 years. This potentially shows the presence of amoral beliefs or possible drug possession, and the person should be closely evaluated before being allowed to have a leadership position among children.

*Petty theft within the last 15 years. This should be a disqualifier if the person will be handling finances in any way within the organization.

Any candidate with convictions in the lesser offense list will be prohibited from participating with youth until the WAHA Screening Review Committee, at the direction of the Legal Consultant, has reviewed the conviction. It will be incumbent upon the local affiliate President or Point Person, to notify the candidate that until a decision is made and notification by WAHA's Screening Review committee is handed down, the candidate is prohibited from participating in any capacity.

LOCKER ROOM POLICY

It is the policy of WAHA and USA Hockey that all USA Hockey Member Programs must have at least one responsible screened and trained adult (which may include coaches, managers or other volunteers) present at all times and monitoring the locker room during all team events to assure that only Participants (coaches and players), approved team personnel and family members are permitted in the locker room and to supervise the conduct in the locker room. While it is not always possible, two locker room monitors are preferable, as having a second monitor may help prevent allegations of impropriety by a monitor alone in the locker room. All Member Programs are responsible to work with their teams and coaches to adequately ensure that locker room monitors are in place at all appropriate times.

ZERO TOLERANCE POLICY

The Zero Tolerance Policy requires all players, coaches, on-ice and off-ice officials, team officials and administrators and parents/spectators to maintain a sportsmanlike and educational atmosphere before, during and after all USA Hockey / WAHA sanctioned games. Details, administration, enforcement and penalties related to this policy are found the USA Hockey publication Official Rules of Ice Hockey. Reporting of violations is done by way of WHOA Incident Reports that are reviewed by the WAHA Disciplinary Chair.

DISCIPLINARY POLICY/ISSUES

1. Game Misconducts: Any game official assessing a Game Misconduct or Match Penalty is required to file with the WHOA Referee-in-Chief, by an on-line report from the WHOA website. All Game Misconducts are reviewed by the Disciplinary Chair and are subject to further review by Local/Regional Disciplinary Committees for further action.
2. Match Penalties:
 - a. Any game official assessing a Match Penalty or Match Penalty is required to file with the WHOA Referee-in-Chief, by an on-line report from the WHOA website. In addition, for all Match Penalties, the game official must mail, or send electronically, a copy of the score sheet, within 24 hours of the incident to the WHOA, Referee-in-Chief and Chairman of the WAHA Disciplinary Chairman. Any Referee who fails to comply with this requirement is subject to suspension under USA Hockey By-Law 10.
 - b. Only after determining the proper standard for the infraction in conjunction with the Referee-in-Chief, and that all proper procedures have been followed to this point, the Chair shall notify the local association president of the affected player or coach, of the Match Penalty in order to insure that the player or coach is prevented from further participation until the issue is resolved.
 - c. Once the Region Directors have established a Regional Disciplinary Committee to deal with this issue, the WAHA Disciplinary Chairman shall forward a copy of the WHOA Game Report and score sheet to the affected participant (as required under USA Hockey Bylaw 10), and notify the affected participant of the date, time and place of the hearing. This material shall be forwarded electronically to the e-mail address used by the participant to register with USA Hockey for the current playing season.
 - d. No Match Penalty hearing by the proper authorities is permitted without the paperwork sent from the WAHA Disciplinary Committee Chairman in the preceding paragraph.
 - e. Any hearing about the Match Penalty must be held within 30 days (see USA Hockey Annual Guide Bylaw 10). Until the hearing is held and the matter is resolved, the player or team official assessed the penalty is prohibited from taking part in any USA Hockey team activities, games or practices. The committee holding the hearing (AKA the “proper authorities”) shall be appointed by the WAHA Regional Directors, who shall oversee but not participate in the hearing, and consist of individuals, at their discretion. No one on the hearing committee may be a team member or team official of the team involved, a member of that team’s local association, nor may a relative of the player or team official assessed the penalty serve on the committee. Upon completion of the required hearing, the proper authorities shall promptly notify the WAHA Disciplinary Committee Chairperson in writing of the

determination of the hearing by forwarding the WAHA reporting form by FAX, mail or e-mail.

- f. With respect to USA Hockey Playing Rule 601f1, the WAHA Disciplinary Chairman shall immediately file the official Game Report with the Central District Referee-in-Chief, who must investigate and determine proper application of the rule. Should the Central District R-I-C rule that the rule was properly applied, WAHA must then exercise original jurisdiction and conduct the disciplinary hearing within 30 days. Note that USA Hockey Bylaw 10 dictates that a proper rule application finding by the hearing committee can result in a minimum penalty of a one-year suspension plus a one-year probationary period from participation in all USA Hockey activities, and can be extended to all affiliates of USA Hockey by request of the WAHA Board of Directors. The appellate body for appeal of this decision shall be USA Hockey.
3. All Disciplinary issues are subject to review by the WAHA Disciplinary Committee and to action by and at the discretion of the WAHA Board of Directors.

CO-OP POLICY

It is the intent of WAHA that everyone who wants to play hockey has that opportunity. When an Association determines it does not have enough players to form a team, it may seek to co-op with a neighboring Association. It is not the intent of this policy to allow two or more Associations to form an all-star team or a strong team as the result of a co-op. It is also not the intent of this policy to allow for two Associations to form a co-op so that players of like skills can play on the same team. Any Association that has enough players to form a team may not request to form a co-op or enter into a co-op with another Association that has enough players to form a team (A team is defined as a minimum of 11 players). This policy does not prevent an Association that has too many players for one team, yet not enough for two teams, from entering into a co-op with an Association that is in a similar situation, with the co-op resulting in a third team. No team formed by a co-op may accept players transferring from an Association not involved in the approved co-op. All co-op requests must be submitted by November 30th. All Youth co-op requests will be subject to a re-classification review by the WAHA Classification committee that shall be completed by Dec. 15th. All co-op requests must be submitted to the WAHA Section Director for the age level requesting the co-op, and the Section Director will include the WAHA Regional Directors of the Associations requesting the co-op in the final decision-making process.

CONFLICT OF INTEREST POLICY

The purpose of this conflict of interest policy is to protect the Wisconsin Amateur Hockey Association (“WAHA”) when it is contemplating entering into a transaction or arrangement that might benefit the private interest of a WAHA Officer or Director or a non-board member serving on a WAHA Committee. This policy is intended to supplement but not replace any applicable state and federal laws governing conflicts of interest applicable to non-profit and charitable organizations.

It is the policy of the WAHA Board of Directors that no Director, nor anyone to whom the Board of Directors may delegate authority to act on its behalf, may, either directly or indirectly, profit personally, from actions taken by the Board of Directors where that Director or delegate may have influenced that action.

Further, it is the duty of members of WAHA Board of Directors to disclose any such conflicts whenever they may exist, and to excuse themselves from voting or commenting on any action that is being contemplated by the Board as is described in the previous paragraph. It is also the duty of a non-board member serving on a WAHA Committee to disclose any such conflicts and to excuse themselves from acting on any such action. Such conflict of interest disclosures will be documented in the minutes of the appropriate Board of Director meeting and/or Committee meeting.

A voting member of the Board of Directors who receives compensation either directly or indirectly from the WAHA will excuse himself or herself from voting on any matter directly related to said compensation.

Each Board member or delegate will annually sign a statement affirming the principles of this policy statement. Such signed statements will be maintained by the Secretary of the Board of Directors of WAHA. The Secretary of the Board of Directors of WAHA will maintain such signed statements.

WAHA HELMET POLICY FOR COACHES

POLICY

For the safety of coaches, WAHA requires that all ice hockey coaches and instructors must properly wear an approved ice hockey helmet during all on-ice sessions, including practice, controlled scrimmages and all Coaching Education Program clinics and/or workshops. USA Hockey age classifications subject to this policy are Youth 18/U Midget/High School and younger, Girl's/Women's 19/U and younger, and Disabled Programs

PENALTIES FOR VIOLATION

1st Offense: The first time a coach is observed not wearing a **HELMET**, he/she will be suspended for 30 days from all activities involving USA Hockey registered programs.

2nd Offense: The Coach will lose his/her USA Hockey Coaching privileges for one year and his/her right to coach in any WAHA State Tournament for 3 years.

PROCEDURE FOR REPORTING VIOLATIONS

Coaches who disregard the wearing of the **HELMET** should be reported to the Chair of the WAHA Discipline Committee in the following format:

- Name of the Coach not wearing a **HELMET**
- The Association the Coach represents
- The event the Coach was observed at not wearing a **HELMET**, including location, date and time of the event.
- The name of the person, email address and cell phone number of the person who observed the coach not wearing a **HELMET**
